**Andrew Lessman's CRANBERRY BENEFITS** is an all-natural high potency concentrate of Cranberry fruit. Cranberries have been used traditionally by herbalists for centuries as a 'folk remedy' celebrated for their beneficial effects in supporting the health of the urinary tract, kidneys and bladder. Modern studies have validated Cranberry's beneficial properties and shown its association with the organic acids present in Cranberry that can support and maintain urinary tract pH balance and its healthy flora. **Cranberry Benefits** utilizes a 17 to 1 Cranberry concentrate that is standardized to contain not less than 35% fruit acids, including citric, malic and quinic acid. Cranberries are also exceptionally healthy in that they contain some of the highest levels of powerful anti-oxidants called anthocyanidins that scavenge and quench free radicals throughout your body before they can cause oxidative damage. The Cranberry concentrate employed in this formula possesses an exceptionally high anti-oxidant capacity. It is rated on the ORAC (Oxygen Radical Absorbance Capacity) scale at 300 per gram. Since Cranberry fruit also contains Vitamin C in nature, we complement this formula with the daily recommended intake for Vitamin C. For a myriad of reasons, Cranberry is one of the healthiest fruits you can eat, but until it becomes a staple in the Western diet, enjoy our healthy **Cranberry Benefits**.
