**Andrew Lessman's IRON PLUS** is an all-natural, 100% pure amino acid chelated Iron supplement. Iron is an essential mineral which cannot be produced by your body and must be obtained from your diet or as part of a nutritional supplement. The **Iron Plus** unique additive-free formula delivers Iron in its two most active amino acid chelated forms: Glycinate and Aspartate. The Iron Glycinate and Iron Aspartate in this product are also combined with our specially profiled blend of amino acids, plus Vitamin C. Vitamin C has been shown to significantly increase Iron absorption.

**WARNING** Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.
