

# Gamma Vitamin E

30 capsules (30 servings) • 60 capsules (60 servings) • 180 capsules (180 servings) • 360 capsules (360 servings)

**SUGGESTED USE** Consume one or more capsules daily or as recommended by a health care professional. For best results take this product with food, preferably a complete meal. This product is most effective when used in conjunction with a high potency, comprehensive multi-vitamin-mineral supplement such as one of **ANDREW LESSMAN'S Life Rx™** formulas. **For answers to questions about the use of this product call 800.800.1200.**

Unsurpassed Purity, Quality,  
Integrity & Effectiveness.

400MG TOTAL TOCOPHEROLS

## GAMMA VITAMIN E™

400MG NATURAL VITAMIN E  
240MG GAMMA TOCOPHEROL

DIETARY SUPPLEMENT

Easy-to-Swallow Capsules

**Andrew Lessman's GAMMA VITAMIN E** is a very unique, high potency, comprehensive Vitamin E formula. It is 100% natural and dramatically different from most Vitamin E formulas available in stores by providing all four natural forms of Vitamin E, with particular emphasis on the major form of Vitamin E found in nature – **Gamma** Tocopherol. It provides **400 mg** of the entire family of four naturally occurring forms of Vitamin E (**Gamma**, Alpha, Beta and Delta Tocopherol). Millions of individuals supplement Vitamin E for its powerful anti-oxidant benefits and **Gamma** Tocopherol is the most potent anti-oxidant among all four natural forms of Vitamin E. Nevertheless, this powerful anti-oxidant form of Vitamin E is virtually unavailable in store-bought Vitamin E formulas, despite evidence of its benefits and the fact that recent research has shown that it is the most protective of all four naturally occurring forms of Vitamin E. Of course, all four forms of Vitamin E can be found in our diet, but only in foods that we consume very little of, such as high fat, high calorie vegetable oils. As a result, the Vitamin E content in our diet is extremely low. Making matters worse is the fact that most Vitamin E supplements ignore Mother Nature by delivering only **Alpha** Tocopherol, and do so primarily in its far less beneficial synthetic form. As a result, millions of Americans unknowingly supplement their diet with Vitamin E that bears no resemblance to the Vitamin E found in food or nature. Our **Gamma Vitamin E** is truly complete and uniquely natural – providing 240 mg of **Gamma** Tocopherol, which is Mother Nature's chief form of Vitamin E and its most powerful anti-oxidant, along with 100 IU of Alpha Tocopherol and 93 mg of Beta and Delta Tocopherols. Don't be fooled by other so-called natural Vitamin E or mixed tocopherol formulas that deliver little or no true Natural Vitamin E from its true natural form — **Gamma Tocopherol**.
