

**SUGGESTED USE** To achieve the optimum benefits established by clinical studies, consume four capsules daily. This product is most effective when used in conjunction with a high potency, comprehensive multi-vitamin-mineral supplement such as one of **ANDREW LESSMAN'S Life Rx™** formulas. **For answers to questions about the use of this product call 800.800.1200.**

# GLUCOSAMINE with CHONDROITIN

1500MG GLUCOSAMINE SULFATE  
1200MG CHONDROITIN

DIETARY SUPPLEMENT

360 Easy-to-Swallow Capsules

**Andrew Lessman's GLUCOSAMINE with CHONDROITIN** delivers the optimum potency of the two most important structural ingredients required for the healthy growth, maintenance and repair of the ligaments, tendons and cartilage of healthy joints. It combines the research-recommended levels of the two most carefully studied natural ingredients for joint health: **Glucosamine Sulfate** (1,500 mg) and **Chondroitin Sulfate** (1,200 mg). These two ingredients are not medicines that work on joint tissue, but vital structural molecules that are necessary for your joints to retain their youthful elasticity and healthy structure. Not surprisingly, the benefits of these molecules extend far beyond joint tissue and are also essential for the unique flexibility of other tissues in the body, such as the skin, arteries, veins and heart valves. It is hard to imagine any other part of our body that endures more daily wear and tear than our joints, yet we still seem to take our joints for granted. Nevertheless, as we age, we gradually become more conscious of our joints' loss of their youthful elasticity and capabilities. **Glucosamine Sulfate** and **Chondroitin Sulfate** represent the "bricks and mortar" of our joints without which our body could not create, maintain and repair joint tissue. Our **Glucosamine with Chondroitin** provides only the "sulfate" forms of these two essential molecules, which are the most active and well-researched source of both **Glucosamine** and **Chondroitin**, rather than the commonly used, less active forms, such as the undesirable HCl form. By providing these two essential structural molecules together in their optimum form and at their optimum levels, we deliver their maximum potential benefits to joint structure, health and function. In addition, we also provide our **SOS** (Soluble Organic Silicon) to help overcome **Silicon's** limited solubility and better meet the need for **Silicon** as an essential nutrient for supporting the structural integrity and development of cartilage and connective tissue. The way we live places serious demands on our joints and it is simple common sense to provide the essential structural components our joints and elastic tissues require.

**This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**

**CONTAINS NO** Milk, soy, yeast, corn, wheat, gluten, sodium, salt, sugar, starch, fat, cholesterol, oil, emulsifier, wax, binder, filler, excipient, lubricant, coating, diluent, flowing agent, color, flavor, sweetener or preservative.

**CONTAINS NO ADDITIVES OF ANY KIND**

## Supplement Facts

Serving Size 4 Capsules	Servings Per Container 90	
Amount Per Serving	%DV*	
Vitamin C (as ascorbyl palmitate)	10 mg	16%
<b>Glucosamine Sulfate</b>	1.5 g ( <b>1,500 mg</b> )	†
<b>Chondroitin Sulfate</b>	1.2 g ( <b>1,200 mg</b> )	†
Silicon (from silicon dioxide and Soluble Organic Silicon- <b>SOS</b> )	10 mg	†

\* Percent Daily Values (%DV) are based on a 2,000 calorie diet.  
† Daily Value not established.

Other Ingredients: Gelatin capsule.

**NO ADDITIVES.**

**CONTAINS** an ingredient derived, purified and refined from the shells of shellfish (shrimp, crab and crawfish).

**UNSURPASSED.**  
Purity. Quality. Integrity. Effectiveness.
