

NEW JOINT EFFORT PLUS®

1,500 MG GLUCOSAMINE SULFATE
1,200 MG CHONDROITIN SULFATE

Andrew Lessman's NEW JOINT EFFORT PLUS is a convenient, comprehensive formula providing the optimum potency of the two most important structural ingredients required for the growth, maintenance and repair of the ligaments, tendons and cartilage of healthy joints. It delivers high levels of the two most well-researched and effective natural ingredients for the maintenance of healthy joints – Chondroitin Sulfate and Glucosamine Sulfate. It combines the research-recommended levels of the two most carefully studied natural ingredients for joint health: Glucosamine Sulfate (1,500 mg) and Chondroitin Sulfate (1,200 mg). These two ingredients are not medicines that work on joint tissue, but vital structural molecules that are necessary for your joints to retain their youthful elasticity and healthy structure. **New Joint Effort Plus** provides Glucosamine and Chondroitin in their "sulfate" form only, which is the most active and well-researched source of both Glucosamine and Chondroitin rather than commonly used, less active forms, such as the undesirable HCl form. Glucosamine Sulfate and Chondroitin Sulfate are the "bricks and mortar" of our joints, without which our body could not create, maintain and repair joint tissue. By providing these two essential structural molecules together in their optimum form and at their ideal levels, we deliver their maximum potential benefits to joint structure, health and function. Not surprisingly, the benefits of these two remarkable molecules extend far beyond joint tissue and are also essential for the unique flexibility of other tissues in the body, such as the skin, arteries, veins and heart valves. It is hard to imagine any other part of our body that endures more daily wear and tear than our joints, yet we still seem to take our joints for granted. Nevertheless, as we age, we gradually become more conscious of our joints' loss of their youthful elasticity and capabilities, so it makes sense to provide a powerful, natural tool to support our body's daily efforts to combat the normal erosion of these tissues over time. Every day, we place serious demands on our joints, and just as Calcium is essential for bones, it is common sense to provide the two most important structural requirements to our joints. The way we live challenges our joints and **New Joint Effort Plus** provides the tools we need to maintain their optimum structure and function.

CONTAINS NO Milk, soy, yeast, corn, wheat, gluten, sodium, salt, sugar, starch, fat, cholesterol, oil, emulsifier, wax, binder, filler, excipient, lubricant, coating, diluent, flowing agent, color, flavor, sweetener or preservative.

CONTAINS NO ADDITIVES OF ANY KIND

THE PERFECT PACKET.

The Perma-Fresh Purple Packet. The Only Packet Worthy of Our 100% Pure Products.

Our new Purple Packet is our most advanced Perma-Fresh Packet, offering you even more perfectly protected product under all conditions. To retain potency, vitamins must be protected from light, moisture and oxygen and the clear packets found with typical vitamins fail miserably to do so. Our newly developed Purple Packets are constructed from multiple layers of specialized materials to safeguard our vitamins from damaging light, moisture and oxygen. For decades, our Perma-Fresh Foil Packet has set the standard for vitamin protection and today, our new Purple Perma-Fresh Packet takes the quality of our products to unimaginable levels, giving your investment in your health the protection it deserves.

Supplement Facts

Serving Size 1 Packet (4 Capsules)

Servings Per Container 60

Amount Per Packet	%DV*
Vitamin C (as ascorbyl palmitate)	10 mg 16%
Glucosamine Sulfate	1.5 g (1,500 mg) †
Chondroitin Sulfate	1.2 g (1,200 mg) †
Silicon (from silicon dioxide and Soluble Organic Silicon-SOS)	10 mg †

* Percent Daily Values (%DV) are based on a 2,000 calorie diet. † Daily Value not established.

Other Ingredients: Gelatin capsule. **NO ADDITIVES.** **CONTAINS** an ingredient derived, purified and refined from the shells of shellfish (shrimp, crab and crawfish).

SUGGESTED USE To achieve the optimum benefits established by clinical studies, consume the contents of one Perma-Fresh Packet (4 capsules) daily with a complete meal. **New Joint Effort Plus** is most effective when used in conjunction with a high potency, comprehensive multi-vitamin-mineral supplement such as one of **ANDREW LESSMAN'S Life Rx™** formulas. **For answers to questions about the use of this product call 800.800.1200.**
